## DEVELOPMENT SKILLS

**Ruby, Rails, JavaScript (ES6), React, HTML5/CSS3, jQuery, Ajax, Redux, SQL, HAML, Materialize, BootStrap, GitHub, Heroku, PostgreSQL, Sketch**

## EXPERIENCE

**DevPoint Labs**, Salt Lake City, UT – *Full-Stack Web Developer*

MAY 2016 – JULY 2016

Intensive course with emphasis on Ruby on Rails, JavaScript (ES6), and React. Over the course of several weeks worked in pairs, in groups, and individually on multiple apps from the start through to completion. Learned industry best practices, and latest technologies, including test-driven development, and the Agile life cycle of development. Participated in a hackathon. Capstone app, StalkMarkets, built over four weeks was voted best-designed app by peers.

**United Way of Salt Lake**, Salt Lake City, UT – *Continuous Improvement Manager, Data Integration*

AUGUST 2014 – MAY 2016

Advocated for and led implementation of new database for four community partners within a 10-month period. Streamlined data collection, developed security protocols, planned data structure for long-term scalability, designed data queries, and trained end users.

**United Way of Salt Lake**, Salt Lake City, UT – *Database Administrator*

FEBRUARY 2013 – AUGUST 2014

Managed CRM database, established processes to ensure data quality, and trained staff. Responsible for cross-departmental implementation and furthered organization-wide usage.

## EDUCATION

**DevPoint Labs**, Salt Lake City, UT – *Full-Stack Web Developer*

MAY 2016 – JULY 2016

**University of Wisconsin**, Madison, WI – *Bachelor of Arts with Honors*

SEPTEMBER 2007 – MAY 2011

Major: International Studies

WISc Scholar

## PROJECTS

**Stalk Markets** – stalkmarkets.com

Capstone app to connect vendors with farmers markets while allowing users to login through FaceBook, or Google, favorite vendors, and easily find the markets close to them. Used Ruby on Rails, ReactJS, Redux, AJAX, Devise, PostgreSQL, Google Maps API, and JavaScript (ES6).

**Intermountain K9 Academy** – intermountaink9.com

SquareSpace site for a local business designed and executed by myself, including logo built using Sketch.

**Robin's Nest**

Personal project redoing local favorite sandwich shop. Used Ruby on Rails. Progress on Github.
